

# 2024 Trauma Programs

**As an American College of Surgeons (ACS) verified Level 2 Trauma Center, Bryan Medical Center provides leadership in injury prevention programs, staff instruction, community outreach and education.**

## **Advanced Trauma Care for Nurses® (ATCN®)**

The Advanced Trauma Care for Nurses® (ATCN®) course is taught concurrently with Advanced Trauma Life Support® (ATLS®) for physicians. This program is presented by the Society of Trauma Nurses in collaboration with the American College of Surgeons Committee on Trauma. This course was developed to teach established standards on trauma care and practical lifesaving skills. This course is designed for the nurse working in emergency departments, intensive care units, the pre-hospital setting or any department related to trauma care.

## **Advanced Trauma Life Support® (ATLS®)**

ATLS® Provider Course is designed to train providers including physicians, physician assistants and nurse practitioners who are in a position to provide the first hours of emergency care to trauma victims. The two day course utilizes didactic lectures and practical skill stations in order to effectively teach the principles of rapid, effective assessment and stabilization. All courses are conducted according to the guidelines of the American College of Surgeons.

## **Advanced Trauma Life Support® Refresher Course**

ATLS® Refresher Course is designed to train providers including physicians, physician assistants and nurse practitioners who are in a position to provide the first hours of emergency care to trauma victims. The one day course utilizes didactic lectures and practical skill stations in order to effectively teach the principles of rapid, effective assessment and stabilization. All courses are conducted according to the guidelines of the American College of Surgeons.

## **EMS Trauma Case Reviews**

These virtual sessions, offered quarterly, review prehospital care of trauma patients and lessons learned in the field and in the hospital.

## **Stop the Bleed**

A course teaching the public how to save lives by identifying and stopping life threatening bleeding until Emergency Medical Services respond.

## **Trauma Grand Rounds**

Trauma Grand Rounds are held regularly to present new developments and hot topics in Trauma which will provide information that will enhance the medical teams' clinical skills and ability to care for patients. Rounds are 60 minutes. Zoom meeting link will be provided upon registration.

## **Trauma Nursing Core Course® (TNCC®)**

The two day TNCC® course provides nurses with core-level trauma knowledge and skills and presents a systematic standardized approach to nursing care of the patient.

## **Trauma Symposium**

This symposium is a one-day, multidisciplinary educational activity focusing on key areas of care for the injured patient throughout the continuum of care.
