

Let's Talk

It's Time for Your Annual Visit

Your provider will review your current health status, which may include:

- Current medications
- Other providers involved in your care
- Height, weight, blood pressure, and vision
- Medical, social and family history
- Mobility and fall assessment
- Discuss and plan preventive services and testing
- Advance care planning

ANNUAL WELLNESS VISITS

It's important to us to monitor your overall health

An annual visit is covered by Medicare and is a time to discuss and plan your healthy future.

Call your healthcare provider and they will be happy to schedule your appointment.

Sincerely,

Your Healthcare Team
